

Each year, during the August school holidays, we host a retreat for all our children in Secondary School. We do not get to see these children as much as we would like because they are spread in different schools across the country. Therefore, the aim of the retreat is to get to spend some time with them and to find out how they are doing in school. We also create a space for them to reconnect and engage with one another, learn about each other, trust others and build friendships that can last a lifetime.

The theme of this year's retreat was 1 Timothy 4:12, *"Let no one despise you for your youth but set the believers an example in speech, in conduct, in love, in faith and in purity."*

Kibera Evictions

The recent destruction of homes in Kibera affected a large population of people including a few of our children and members of staff.

Structures, including homes, schools, churches and health centres were brought down to create space for more roads in Kibera.

We thank God that there were no casualties. We also thank God that none of our centres were affected.
